SUMMARY

B.Tech Computer Science & Engineering student at Haldia Institute of Technology with hands-on experience in market research, data collection, and full-stack web development. Experienced in conducting store-level market observations, analyzing product availability, pricing, SKUs, and shelf visibility through PepsiCo's Pep Sales Star Micro-Internship. Strong analytical, problem-solving, and communication skills with an interest in FMCG, business operations, technology, and supply chain.

SKILLS

Business & Analytics: Market Research, Data Collection, Data Analysis, Consumer Insights

Languages: Java, Python, JavaScript

Frontend: HTML, CSS, React.js

Backend: Node.js, Express.js, Flask

Database: MongoDB

Tools: Git, GitHub, Docker

AI: Gemini API, RAG

EDUCATION

Bachelor of Technology Computer Science & Engineering

Haldia Institute of Technology, West Bengal

2024 - 2028

WORK EXPERIENCE

PepsiCo – Pep Sales Star | Market Research Micro-Internship Unstop | 2026

- Conducted market visits across 25 stores and recorded product availability, pricing and shelf visibility.
- Collected observations on PepsiCo products, SKUs, pack sizes and store-level visibility.
- Identified product availability gaps and market opportunities from field observations.
- Prepared a 10-day market visit report and summary presentation.

PROJECTS

ShikshaAI – AI-Powered Personal Teacher

- Developed an AI-powered learning platform for personalized student learning.
- Integrated Google Gemini API for AI-based teaching and automated lesson planning.
- Implemented PDF/DOCX processing with RAG-based content retrieval.
- Built interactive learning flow with lesson planning, teaching, assessment and learning reports.
- Tech: React.js, Node.js, Express.js, Gemini API, RAG
- Live: <https://shikshaai-1.onrender.com>

Study Hub

- Developed a study resource portal for students.
- Organized notes and PYQs year-wise, semester-wise and subject-wise.
- Implemented PDF upload and download functionality using Flask.
- Added search and filter using JavaScript.
- Built responsive UI using HTML and CSS.
- Live: <https://study-hub-yrs7.onrender.com>

ShopEase – E-Commerce Web Application

- Built a responsive e-commerce website using React.js, JavaScript, CSS, and Context API.
- Implemented product search, filters, wishlist, shopping cart, and product details page.
- Added Dark Mode, Local Storage, and responsive design for a better user experience.
- GitHub: <https://github.com/mandal-rupa/e-commerce-ui>
- Live: <https://shopease-64z6.onrender.com>
